GitHub

Motivated Computer Science student with a profound interest in Software Quality Assurance. Passionate about identifying bugs, optimizing test processes, and delivering flawless software. Looking for an opportunity to enhance my skills and contribute to ensuring high quality software.

Skills

Languages: Java, JavaScript, SQL
Web Development: HTML, CSS
Testing Tools: Cypress, Postman, JMeter
UI Design: Balsamiq, Figma
Core Concepts: OOP (Object-Oriented Programming), SDLC (Software Development Life Cycle), STLC (Software Testing Life Cycle), Manual Testing, Automation Testing

Experience

QA Engineer Intern   May 2025 - July 2025
Intuji

Gained hands-on experience in writing test cases, reporting bugs, and performing automation testing using Cypress, Postman, and JMeter, contributing to software quality assurance in real-world projects.

ICT Teacher Trainer   July 2023
Dakshinkali Municipality

Conducted an 3 day ICT training program for teachers in Dakshinkali Municipality in collaboration with Kids of Kathmandu, Dakshinkali Municipality and Jica. The training aimed to enhance digital literacy skills and empower teachers to effectively integrate technology into their classrooms.

Education

Bachelor of Computer Science (BCS) - Data Science   2022 – Present
IIMS College | CGPA: 3.57

School Leaving Certificate (SLC)   2021
Southwestern State College | GPA: 3.63

Projects

JalSewa - Academic Project

A mobile application that enables customers to order water (jars, bottles, tankers) directly from nearby water factories.
- Developed and conducted UI/UX testing to ensure alignment with UML diagrams.
- Verified interface elements, user flows, and screen transitions for consistency, usability, and responsiveness.

saucedemo.com- Automated Testing with Cypress

An e-commerce web application used for end-to-end UI and functional testing practice.
- Focused on automating core user workflows using Cypress, including login, product selection, cart operations, and checkout.
- Generated detailed test case document and documented bugs in a structured bug report.

Awards and Certificates

Best Innovative Project Award

Received at the IIMS Project Showcase 2025 for Jalsewa: a mobile application that connects water factories directly with consumers.

Merit Scholarship Award

Received a scholarship for the Bachelor of Computer Science program at IIMS College based on the performance in the scholarship exam and academic scores from grades 10, 11, and 12.

Dean's List

Earned a place on the Dean's List for five semesters for outstanding academic performance.

Postman API Fundamentals Student Expert

Issued by Canvas Credentials (Badgr) – Jun 2025
